5XXX Series “NT” Wire
AlcoTec’s Patented Process

No more wire shavings plugging your liners and tips!
Go from Shavings to SAVINGS.

**Historical Industry Standard**

PROBLEMS – Shavings Negatively Impact Your Welding Operation:
- Increased consumable usage
- Increased number of change outs
- Less time spent welding

**AlcoTec® New Technology Wire**

SOLUTIONS – NT Delivers Real Savings in Your Welding Operation:
- Using patented manufacturing technology, the NT process removes the microfines and surface abrasions generated during wire drawing
- This new technology minimizes or eliminates the shaving problem; and greatly improves feedability and arc stability.

Don’t let shavings plug up your value stream, contact your AlcoTec representative today!
